**What Don't You Understand?
by Brian Shrock**

I realize that sometimes people do not understand what I say, sometimes they don't understand what I mean, and sometimes they just don't understand me at all. So to clear up confusions in this matter I am providing the following, which begins with a popular quote.

"I know you believe you understand what you think I said, but I'm not sure you realize that what you heard is not what I meant." You may have thought that I said what I meant, but I only mean what I say when I say what I mean and since I didn't say what I meant, I didn't mean it. Therefore, if you think you understand what you thought I said, then you don't know I didn't mean what I said and you don't understand what you don't know I meant. If you don't understand what I am saying, then I am saying what you don't understand... and I mean it this time!
